Hiiiiiii, I'm Simi
Let Me Take You To My
Colourful World

rivanta
VIBGYOR
2 BHK RESIDENCES

This is where I meet
my friends and play all evening,
kissing little butterflies and
chasing them.

I even had my birthday party here. We had a giant cake and everyone danced to my favourite songs !

HAPPY BIRTHDAY

I love challenging my younger brother to a game of badminton. He is learning fast ..hehe !

It is so peaceful
to walk here
after dinners.
The surroundings
are
so calming...

All amenities are specially
curated for kids between age
5 to 15

My house is just like a dream come true. Colourful,
vibrant and lively. I think that's why they named it

VIBGYOR

Did You Know:

The first 1,000 days matter the most in a child's IQ development

90% of a child's brain development happens before the age of 5

Children develop cognitive, social, emotional and language skills by the age of 5

With the right kind of environment, children's brains can develop to their full potential, which can have a positive impact on their future academic and personal achievements. Here's how we are creating the a happy learning space for children to enhance their growth and development!

THE FIRST KID-FRIENDLY HIGH-RISE PROJECT IN GANDHINAGAR

ATTRACTIVE ALPHABETS

Attractive spaces to learn alphabets that give a complete sensory experience to fasten their learning.

FUN WITH NUMBERS

Your child will fall in love with math and numbers with fun play activities designed to help children understand the concepts of numbers.

SOUNDScape

From a bird's chirp to a lion's roar, your child will learn the sounds of the world and appreciate the world around them better with a designated soundscape.

SKATING RINK

Skating is a fun and rewarding activity for all ages! It builds strength, balance, and coordination while also providing a great source of exercise.

CLIMBING WALL

Get rid of the fear of heights right from the beginning with a colourful and playful climbing wall designed for children.

TREE HOUSE

Give your kid the much-needed time with nature and away from digital devices. This time will calm them down and energize them too.

AMPHITHEATRE

Let your child's imagination take over with the stories and fables. See them overcome stage fear and master public speaking.

CONSTELLATION

Introduce your child to the world of stars and galaxies at a young age. Who knows you might have a young Galileo in your own home!

CHESS

Chess prodigies have started learning chess as early as age 5 and it not only enriches their childhood but also helps develop life skills that transcend into adulthood!
